

Jack Casdorph

[707 W. 12300 So. | Draper, UT 84020 | \(801\)989-8779 | jackcasdorph@gmail.com | jackcasdorph.com](#)

Education

- Rose-Hulman Institute of Technology (2011-2012)
- Currently attending BYU studying Mechanical Engineering (3.2 GPA, graduation in May 2019)

Experience

Jul 2015 - Present

Owner | Art of Steel

I run a small business making wall art from sheet metal, wood, and/or spray paint. I make wall art and wooden model kits using hand tools, power tools, spray paint, and a laser engraver. I sell online as well as at vendor events. I have also done contracted work for companies including Fiber Nation Laser (UT), Rundle Elementary School (NV), Empress Theater (UT), and Starlight Mountain Theater (ID). I have completed over 700 individual orders (including orders of up to 120 total items) and maintained an online rating of 4.9/5 stars with over 70 online reviews.

Apr 2016 - Jun 2017

CAD Drafter | Jorgenson Material Handling

I was hired to make CAD drawings for a company that specialized in locker production and sales as well as other material handling equipment. Responsibilities included making the elevation drawings for all Jorgenson brand lockers, assisting salesmen with layout drawings, and creating renderings for marketing materials.

2008 - Apr 2016

Crew Leader | CASSCO Inc.

This company installs storage equipment in warehouses. Over time, I worked my way up from an entry level position to leading crews of up to 6 people, training new employees, and being the lead designer on the Mobile Mega Ramp project.

Feb 2015 - Jul 2015

Sales Associate | The Home Depot

I worked at the Home Depot as a sales associate. My duties included mostly customer service, in helping them to find what they need, improving their shopping experience, and encouraging sales.

Other Skills and Accomplishments

- Served as the Utah Sergeant-at-Arms for the Technology Student Association from 2010-2011
- July 2012 - July 2014: Service as a missionary of The Church of Jesus Christ of Latter-Day Saints in Santa Cruz, Bolivia. For about 12 months of this time I was put in charge of groups of 6 to 20 other missionaries.
- Fluent in Spanish
- Proficient in CAD modeling software including Autodesk Inventor, Fusion 360, and Solidworks
- Proficient in graphic design software including Adobe Photoshop, Adobe InDesign, and Corel Draw
- 3000+ hours of experience with installation, setup, maintenance, and operation of 3 different laser engraver / cutter machines from 2010 - present.
- Invented a new process for subtractive raster art with spray paint.
